

SHOES

Students may wear shoes that are black with soles no thicker than 3cm and with the front of the foot fully covered. The shoes must be completely black with no logos or other insignia in another colour. Where shoes have laces they must also be black and done up. Boots, high heeled shoes, skate shoes and sports shoes are not acceptable.

Students may also wear the black shoes or mid brown sandals all year round.

Parents are urged to purchase shoes that are suitable for a school situation. They need to be able to stand up to the rigours of physical activity, wet weather and protect the front of the foot from dropped tools in the hard materials room. Our school preference is that your child's shoe is made from leather uppers.

Below are photographs of shoes that are acceptable and one photograph showing shoes that are not acceptable for your information.

These are all acceptable.....

These are not acceptable
