

Otumoetai Intermediate School

Application for a 2017 Digital Class Placement

Child's Name: _____ Year Level 2017: _____

Address: _____

Previous School: _____

Parent/Caregiver Name: _____

Telephone No: _____ Email: _____

I/We wish to apply for my son/daughter _____ to be placed in a digital class for 2017.

My child had a laptop in 2016 and will be wishing to use this in 2017 Yes No

I understand this application will require us to purchase or lease from a supplier, a Chromebook for our child's exclusive use at school. I understand that the Chromebook to be purchased or leased, must meet school specifications as displayed on our school website and available from the school office (NB: Students may use a laptop if they are transitioning from a 2016 Year 7 laptop class to a 2017 digital class.)

I understand there is a \$100.00 Chromebook technical support fee payable per year if my child is offered a place in this class. If you wish to direct credit the payment to the school account, please credit to:

12-3407-0029060-00 – using your child's name as a reference

I understand that if my child wishes to use a laptop instead, the laptop technical support fee remains at \$200.00 for 2017. I also understand the school will most likely group students with Chromebooks or laptops together in a digital class.

I understand that if my son/daughter has not purchased a Chromebook for the beginning of 2017, their place in a digital class will be allocated to another student.

Signed: _____ Date: _____

Details about the school specifications and purchasing options are available on the school website and on a separate information sheet in this school enrolment pack.
